SMYRNA YACHT CLUB BREWERS CUP REGATTA Saturday October 19th 2024

Notice of Race

The 2024 "down wind river race" Brewers Cup Regatta, sponsored by the Smyrna Yacht Club(SYC), will accommodate offshore racing classes in a fun race between the Mosquito Lagoon and the SYC.

All boats will be handicapped prior to the race using the US Sailing PHRF book and previous performance(s) in this event where appropriate. The race will begin at SYC, or Marker 15 in the lagoon, running north to south, or south to north, depending on the wind direction. Advanced notice will be given at the skippers meeting.

Warning!! Be prepared to encounter pirates if we have to return from the lagoon after the race.

The start will be a 'staggered' start in accordance with the handicap grouping. Slower boats will start first, followed by subsequent faster classes. Each boat will be required to fly a starting class color pendent from their backstay, provided during registration/check-in at the skippers meeting.

Beer will be on the house on Friday until you have drained the keg. Food may be purchased on Friday at the Tiki bar. There will be a special menu on Saturday after the race, which is included in the price of your entry

First, second, and third places will receive prizes.

Sailing Instructions

1. The race will be governed by modified US Sailing rules for safety on the river.
 - A. All shallow water, water outside of the channel, and channel markers are considered a "Continuing Obstruction" and right of way shall be determined according to Rules 19 and 20 of 'The Racing Rules of Sailing'.
 - B. All boats need to stay out of the designated starting area before the start of their starting sequence to keep the line clear. Any boat within the designated starting area before their predetermined start time will be assessed a 720 degree penalty turn after their determined start.
2. The mandatory safety equipment will be in accordance with US Sailing Association
3. The first start will begin at 11 a.m. from the SYC pier or noon if from the lagoon. Please allow time to get your vessel to the lagoon starting area.
4. The RC will reserve the right to shorten course.

5. Boats will start at a line running east between the first pylon on the entry channel to the Tiki to the Race Committee boat and/or a starting marker, or east of the RC boat in the lagoon to a starting marker. Directions will be determined by wind conditions and announced at the Skippers meeting. Boats that have not started, and boats that have finished, will stay clear of boats racing. Failure to do so may result in a DSQ.
6. There will be a three-hour time limit on finish.
7. Since this is a river race with shoal areas just adjacent to the channel, any boat going aground is allowed to use their engine to assist themselves with getting off and back into navigable water. However, the engine may only be started to assist in getting off the ground and MUST be turned off as soon as the boat reaches water deep enough to navigate. Hard throttle acceleration before engine shut-down to gain 'coasting momentum' is not in the spirit of this race.
8. This is a "fun" race and protests are not anticipated. Participants are expected to respect each other and resolve their own issues. While protests are not anticipated, protests can be submitted to the SYC Race Committee. Forms will be available at registration. Protests will be delivered to the committee within 60 minutes of race completion. No further avenues of appeals will be available.
8. Your starting time sequence and class flag color will be delivered to the skipper at the Skipper's Meeting.

Communications

All communications will take place on VHF radio channel 72.

Scoring

Finish place will be determined by the order in which boats cross the finish line. All boats will be handicapped in respect to type of sails, intended use of spinnaker, double head sail, prop configuration and deployed bimini.

In case of bad weather, the race will be run at a subsequent time, to be determined. A possible alternate is Sunday 20th October.

Safety Regulations

All boats entered in the race must check in with RC and check out when retired. All boats will carry the US Sailing recommended safety equipment. Each participating boat shall be insured with valid third-party liability insurance. All boats will obey waterway laws within communities of the course, south of the club.

Disclaimer of Liability

Competitors participating in the regatta do so entirely at their own risk. See Rule 4, Decision to Race. The organizing authority will not accept any liability for material damage, personal injury, or death sustained in conjunction with, or prior to, during, or after the regatta. The decision to participate is entirely the boat skippers and their guests.

Starting Sequence for Brewers Cup

The starting sequence is identical to that of the Lipton Cup except that the race is a pursuit race employing a staggered start. The second group 5 minute countdown will commence at the same time as the group 1 start signal. The third group 5 minute countdown will commence at the same time as group 2 start signal and so on for subsequent groups.

Pre warning of the first start will be given by the Race Committee on channel 72.

Program 51 on iStart Pro
